

## Danforth Hill Opens Saturday

The Ski Park at Danforth will open on Saturday, Jan. 11, at 1:30 p.m. City Recreation Director Art Petersen announced today.

Thorald Papineau will be in charge of all skiing activities at the Park with Roy Hivala assistant director.

Danforth Ski Park will be open on Saturday and Sunday afternoons from 1:30 to 5:00 p.m. and on Wednesday evening from 7 to 10 p.m. For the first time in many years a nominal fee will be charged all persons using the facilities to help defray the cost of operation. Ski buttons will be sold at the shelter house for \$1 per person. Total cost for a family with 4 persons or more will be \$3 for the season as a special family rate. Buttons may also be purchased at Club 314, Escanaba's Youth Center.

Considerable funds have been spent this year at the Danforth area to improve facilities. Roads and parking areas have been improved. The road at the approach to the ski area has been re-graded, widened and completely covered with gravel. The new parking area will accommodate approximately 50 cars. Three ski slopes with two ski tows will be in operation this season. Work has now been completed on the smaller tow

and the shelter house has been re-painted and in good condition. The large tow is 300 feet long with the smaller tow 200 feet in length.

A small jump is available for novice skiers which will allow jumps of 30 to 45 feet. A larger jump which is used primarily by experienced skiers will be in use with jumps of 50 to 75 feet possible. The large bowl adjacent to the shelter house is in excellent condition and is used by family groups for skiing, sledding, tobogganing and use of saucers.

Both tows and the skiing area are completely lighted for evening skiing which is held on Wednesday night. Snow conditions are fair for this weekend. More snow is needed to accommodate the hundreds of skiers expected to use the facilities.

## Mrs. Muhonen Of Rock Dies

Mrs. Helen J. Muhonen, 73, of Rock Rte. 1, died at the Oja Rest Home at 6:40 a. m. today. She had been a patient there nine months.

Mrs. Muhonen was born in Finland July 2, 1890, and came to the United States in 1921. She had lived in the Rock area 42 years and was a member of Faith Lutheran Church. Her husband, John, died Jan. 29, 1958.

Surviving are one son, Martin, Rock, one daughter, Mrs. Jack (Taimi) Nicholas, Minneapolis, three grandchildren and two brothers in Finland.

Friends may call at the Anderson Funeral Home from 6 to 9 p. m. Sunday. The body will be removed Monday noon to Faith Lutheran Church where services will be held at 1 p. m. The Rev. William Avery will officiate, assisted by the Rev. Edward Leppaluoto of Gwinn. Burial will be in Rock Cemetery.

## Mothers Plan Dimes March

An appeal to the women of Escanaba "to spare one hour to help some other mother's child" was made today by Mrs. Arthur Neiman and Mrs. Robert Jensen, Mother's March chairmen for the 1964 March of Dimes.

"We are most grateful to the many women who have already volunteered for the night of January 27. However, we need many more if the Mother's March is to be successful in raising funds to continue and expand the March of Dimes health program," they said.

A major goal is to provide the best possible care for hundreds of thousands of children crippled by birth defects, arthritis and polio. It is pointed out that the March of Dimes has established nearly 70 treatment centers at leading hospitals throughout the nation. The centers, according to a prominent hospital director, will enable doctors to focus attention on the needs of birth defects knowing that "these resources then become available to far more infants and children than could possibly be supported directly by the March of Dimes."

Funds raised this month will also go for continued assistance to polio victims and for support of the Salk Institute for Biological Studies in San Diego, Calif.

Citizens of Escanaba residing on the south side may call Mrs. Neiman at ST 6-4397; north side citizens may call Mrs. Robert Jensen at ST 6-5403. Area captains of last year are asked to call and volunteer.

## Romney Wagon Will Hit Road

DETROIT (AP)—The George Romney-for-President bandwagon—a house trailer hauled around by volunteers—is about to hit the road again, thanks to a nudge from the man himself.

That's the word from Henry Nephew of suburban Wayne, who says he is national campaign chairman of the Romney for President movement.

Nephew and his fellow Romney enthusiasts, mostly political amateurs, heard Tuesday what they've been waiting for: the Michigan governor's declaration that he would accept a Republican draft for the presidential nomination.

Nephew, a 29-year-old insurance salesman, said the bandwagon had started across Michigan last November but was halted near Grand Rapids when President Kennedy was assassinated.

The 13-foot-house trailer, plastered with Romney signs, is parked in Detroit. But, Nephew said, not for long.

"We'll roll it out in about 10 days," Nephew said.

After touring parts of Michigan, the bandwagon will be towed to Ohio, then westward toward San Francisco, site of the 1964 Republican national convention.

The bandwagon, hopefully, would reach Frisco at convention time in July.

Romney backers in each state along the way will provide the car needed to haul the house trailer, Nephew said.

"They're all volunteers," he added.

Nephew, who had received no encouragement from Romney before Tuesday, said the governor's "I'll accept a draft" statement surprised him.

"I also was very pleased," he said. "It has been an uphill struggle, like swimming with no water."

## Delta Charities Cleanup To Put Drive Over Top

Delta United Charities launches its 1963 fund campaign cleanup next week with a Jan. 20 deadline on completion of its first annual drive to finance 9 charities which serve Delta County.

DUC President A. W. Freeman today said that the \$50,000 goal was expected to be reached with the final round of solicitations, now starting under the direction of John Pearson, executive director of DUC.

"The assassination of President Kennedy upset our schedule for cleanup," said Freeman "and then we got into the holiday period and some businesses asked us to defer the closing until this month."

He said that there are about 300 accounts in commercial and special gifts categories still to be visited by the volunteer workers of the campaign.

"We have \$44,300 on hand in cash and pledges," said Freeman "and with the same generous response from these accounts as we have had from the others, we should attain our goal and be in a position to finance our nine member agencies in 1964. The directors are instructing Mr. Pearson to make the first quarter payments to the member agencies immediately as some of them, like the Red Cross Blood Bank, are in need of money at once."

The agencies to be financed by the drive are the Child Guidance Clinic, School for Retarded Children, Bay Cliff Health Camp, Red Cross Blood Bank, Y. M. C. A., Salvation Army, Boy Scouts, Girl Scouts and Camp Fire Girls.

George Douglas, vice president of Delta United Charities, said "We have had excellent cooperation from all the 300 volunteer workers in the county-wide drive. The response to the appeal for united giving was generous and labor did real well in response. We made advances in professional and other fields which set new standards for participation in the fund here."

The collection of \$44,300 sets an all-time record for Delta County. The previous high mark for federated giving was \$34,000, and with the \$50,000 goal in sight as the latecomers make their contributions, Delta County will have established Delta United Charities firmly as a fund to finance county youth, health and welfare agencies on a united basis.

Directors restricted participation to local agencies and all the money given will be used here, except for aid to Bay Cliff Health Camp near Marquette, and that will be only to help pay for the care of Delta County children attending the camp.

DUC directors are Freeman, Douglas, Forrest Henslee, treasurer; Howard Fontaine, secretary; Leslie Bryant, Dr. Robert Ryde, Lloyd Carlson and Morris Buckmiller.

The changing pattern of charitable giving in the community was noted by Pearson in report to the directors that 60 per cent of the giving to Delta United Charities in industry is by payroll deduction.

Contributions may be addressed to Delta United Charities, P. O. Box 79, Escanaba.

## Planes On Lift Into Germany

FRANKFURT, Germany (AP)—The first plane in a new airlift exercise from the United States arrived in Frankfurt today from Turner Air Force Base in Georgia.

The operation, called Long Thrust IX, is part of a series of exercises to improve American ability to move troops by rapid air transport. It is the first since last fall's "Big Lift" operation.

MILAN, Italy (AP)—Charges of faking a crime have been placed against a 45-year-old Milanese who police said claimed to have arranged to bomb the Milan cathedral to protest the Holy Land pilgrimage of Pope Paul VI.

Franco Grassi, an accountant, was arrested Wednesday. Officers said he phoned a Milan newspaper and reported he had asked a boy to put a bomb in the cathedral. Police said he gave his own address. No bomb was found.

SAIGON, Viet Nam (AP)—A bomb exploded outside a Saigon bar Thursday night, killing a 13-year-old Vietnamese girl and a Vietnamese man and wounding seven American servicemen slightly.

The terrorist who placed the bomb against the outside wall of the bar escaped. The girl was playing nearby.

SEOUL, Korea (AP)—South Korean President Chung Hee Park told his people today "poverty stares at us from all sides today" and called on them to tighten their belts and work harder.

Giving his first state of the nation speech to the National Assembly, Park said he would uphold the principles of free economy in combating the economic difficulties.

CARACAS, Venezuela (AP)—With Britain, Canada and Spain as his chief targets, President Romulo Betancourt told a news conference Thursday night that Cuba won't be allowed to trade with Venezuela.

Betancourt, one of Cuban Prime Minister Fidel Castro's bitterest enemies, cited sales of British buses and Spanish and Canadian ships to Cuba.

## Slayer Convicted

BENTON HARBOR (AP)—Lee Woods, 55, was convicted here Wednesday by a Circuit Court jury of second degree murder in the Oct. 28 shotgun death of Mrs. Minnie Ellabeth Denton, 68. He was remanded to jail to await presentence investigation. Police said Mrs. Denton was slain when she tried to intervene in a gambling dispute.

## Tax Relief Bill Expected To Get OK In Congress

WASHINGTON (AP)—President Johnson's plea for enactment of a one-step reduction in the income tax withholding rate appears likely to win congressional approval.

Sen. George A. Smathers, D-Fla., a senior member of the Finance Committee now considering the \$11 billion tax cut bill told a reporter he thought the request would easily command the needed votes.

Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, who will head his branch's conferees on the measure, indicated in a separate interview that he was willing to support it.

As the bill passed the House and now stands in Finance, it provides for a cut in the present 18 per cent withholding rate to 15 per cent this year, with a new permanent level of 14 per cent to start in 1965.

Johnson wants a one-step drop to 14 per cent.

If Johnson's argument carries, a married man with wages of \$120 a week who claims exemptions for himself, his wife and two children would get

take-home pay increase of \$2.80 a week. While \$12.80 is now withheld for income tax, the figure would be reduced to \$10 under a 14 per cent withholding rate.

The Senate committee continues its work on the bill today, with administration supporters hoping the fast pace of the last two days can be maintained.

Sen. Clinton P. Anderson, D-N.M., said Thursday: "I think we're really moving now—we've covered more than 60 pages" of the 310-page bill.

Johnson told a citizens committee plugging for the tax bill Thursday that he wants the measure passed by the Senate before that body gets tangled up in a filibuster over civil rights.

Every hour of delay on the tax measure "can keep many jobs away from many people for many weeks," the President declared.

## Johnson To Be At AP Meeting

NEW YORK (AP)—President Johnson will speak at the annual Associated Press meeting April 20.

Paul Miller, president of the AP, said Thursday he had received confirmation from the White House of Johnson's appearance. The invitation had been extended some time ago for the President to address the annual luncheon gathering of the cooperative news-gathering association.

The last president to appear at the meeting was Dwight D. Eisenhower.

The AP meeting at the Waldorf-Astoria Hotel usually draws more than 1,200 American newspaper publishers and their wives.

Radio and television representatives and presidents of the networks attend the meeting. A number of foreign publishers and executives of foreign news services also are planning to attend the 1964 meetings.

The AP luncheon is an opening attraction of New York's annual Newspaper Week each spring. It is followed by the convention of the American Newspaper Publishers Association.

## Shaw To Head Sports Club

Delta County Sportsmen's Club in its annual meeting at the Escanaba Carnegie Public Library Thursday night reelected Ray C. Shaw for a second term as president.

Serving with Shaw for 1964 are John Coan, first vice-president, George Snyder, second vice-president, Victor Powers, secretary, Roy Jensen, treasurer, all reelected. Newly elected to the board of directors were Harold Meiers Sr., and Neil Carlson.

A proposed amendment to the bylaws that would have shifted the annual election from January to September failed.

Announcement was made of an MUCC regional meeting to be held in Escanaba in mid-March and a Wally Taber show on March 12. The meeting was followed by lunch and the showing of a trout fishing movie.

## Tax Commission Chairman Named

LANSING (AP)—Macomb County Equalization Department Director Robert Purnell of Mount Clemens today was appointed chairman of the State Tax Commission.

Gov. George Romney appointed the 41-year-old Republican to replace Robert Eckhardt, a Lansing Democrat whose term on the three-member by-partisan commission had expired.

Purnell's six-year appointment to the \$12,000-a-year post requires Senate confirmation.

## Dr. Lenox Quits Church Council

DETROIT (AP)—Dr. G. Merrill Lenox resigned Thursday as executive director of the Michigan Council of Churches to devote more time to an identical position he holds with the Metropolitan Detroit Council of Churches. The resignation becomes effective next Jan. 1.

For the past 10 years, Dr. Lenox has been executive director of both councils. He is now in his 16th year as head of the Detroit council.

In a letter to Dr. Wendell C. Bassett, president of the Michigan council, Dr. Lenox said:

"Over the next three years... I choose to devote my efforts to more limited objectives, to have more time to devote to thoughtful exploration of future goals, to concentrate upon the development of sound ecumenical policies, and to help strengthen the financial basis of the Metropolitan Detroit Council operation. 'I believe I can make a greater contribution through centering on these objectives than if I were to continue to have such a heavy load of direct supervisory responsibilities for two organizations.'"

To maintain its neutrality, Switzerland is a non-member of the United Nations.

## Mental Health Budget Praised

LANSING (AP)—Charles F. Wagg, director of the state's Mental Health Department, said the mental health expansion program recommended Thursday by Gov. George Romney "was worked out by our department at his request."

"I'm pleased he's making these recommendations," Wagg added.

Romney set no cost figures in making his expansion proposals to the legislature, and Wagg said he did not know what the total program would cost.

"This is being worked out now," Wagg said, "and will be included in the budget document."

Romney is scheduled to submit his 1964-65 fiscal year budget Jan. 22.

The governor termed a waiting list of 1,800 mentally retarded children "unconscionable" and said "funds should be appropriated for complete plans and a construction start on a new 800 to 1,000 bed facility in west central Michigan."

In addition, Romney said "I will recommend funds to open 500 new beds at Plymouth, 200 at Mount Pleasant and 40 at Gaylord, plus 320 temporary beds at Port Custer."

Turning to the mentally ill, the governor said "care for the mentally ill presents a correspondingly severe challenge," and asserted:

"More funds are needed for training, research, in-patient care of children, out-patient care of both children and adults, and emphasis on the county referral programs. The community clinic program should be expanded."

## Mendez To Play With EHS Bands In Concert Here

The Band Department of the Escanaba Area Public Schools announced today that Rafael Mendez will be guest soloist with the Senior and Junior High Schools' Concert Bands on Feb. 6.

Acclaimed the world's greatest trumpet player, Mendez last year won applause here in his concert here with the bands.

The Feb. 6 concert will be held in the Wm. Oliver Memorial Auditorium and seats will be on a first come basis. Details of the concert program will be announced soon by John Chown and David Laakso, Public School band directors.

## Quit Job To Stay In U.P.

# Ironwood Gas Station Man Wins Host Of Year Award

A gasoline salesman who liked the Upper Peninsula so well that when offered a promotion and transfer downstate he resigned and took over an Ironwood gas station, was named Thursday night as the Peninsula's best host of 1963.

He is Al Krier and the honor was given to him by the Upper Michigan Tourist Association at its annual awards dinner for the press, radio and TV at the House of Ludington. Krier was given a two weeks vacation for his family in the Upper Peninsula with 100 gallons of gas—that brought a laugh for the gas dealer from the diners—a television set from Our Own Bakeries of Marquette and a \$100 savings bond from Kenman Associates of Houghton.

"When I used to work a night shift and watch a lot of television in the daytime," said Krier "I often saw 'Queen For A Day.' They would take scrubwomen and give them honors and attention and I often wondered how they felt. And now I know!"

### Loves Peninsula

Krier's attractive wife Anabel said "We love the Upper Peninsula. (He's from Belgium, Wis., and she's from Port Washington, Wis.) Al was going to be transferred to Detroit and he quit to stay in Ironwood."

They have two children, Rosanne, 3, and Joe, 1.

Krier came to the Upper Peninsula four years ago as area sales representative of a gasoline company. He now has his own Standard Autoway station on U. S. 2 in Ironwood.

Because of his travels in a four county area in the western U. P. he felt he knew the area's attractions well, but to make sure he attended two of the hospitality clinics in Gogebic County sponsored by the Upper Michigan Tourist Association in its "Pays to Know" tourist hospitality program.

He also encouraged his employees, who were among Gogebic County's 100 who passed the CHUM (Certified Host of Upper Michigan) tests and earned buttons.

Tourist information services

to his gas station customers pay off, says Krier, in repeat business. His receipts went up 20 per cent last June and July over the same period of 1962.

Runners up in the contests were Al Borkowski of Munising, Harry Bent of Sault Ste. Marie and Edward Forsman of Iron River. The winners were selected by shopping teams which toured the Upper Peninsula last summer.

President Ken Slater of the Upper Michigan Tourist Association said it had found in trying to bring tourists to the Upper Peninsula that many persons in service businesses weren't familiar with the attractions in their home areas and couldn't tell visitors what there is to do in the Upper Peninsula.

"The Pays To Know hospitality program was developed to fill this need. Our shopping teams found out that there was a big educational job to be done in the Upper

## Briefly Told

Adolph F. Johnson, 1123 6th Ave. St., is a patient at the Veterans Administration Hospital in Iron Mountain.

Sheriff's officers ticketed Darrell Butler of Rte. 2, Bark River for violation of the basic speed law, too fast for conditions, as the result of a minor mishap Thursday. Officers said that Butler's car left the road and traveled 350 feet before stopping. His car was not damaged, nor was he injured.

State Police of the Gladstone Post issued traffic court summonses to the following: Harold Hilling of Rock, no registration and no operator's license; Melvin Reissmann, Anisaw, Wis., expired registration plates; and Gordon Bean of 2100 7th Ave. S., violation of the basic speed law, too fast for conditions.

## Bark River

Alex Urbanc is convalescing at the Veterans Administration Hospital in Iron Mountain where he had surgery before Christmas.

Boileman 3-c Elroy Palmgren returned Sunday to Mayport, Fla., after a holiday leave here with his wife, son and parents, the Herman Palmgrens.

## Sleigh Ride

The Bark River 4-H Busy Bees planned a sleigh ride for Feb. 3 at a meeting held Monday evening in the elementary school. A letter of thanks was received from the Retarded Children's Fund for the donation made before Christmas. Lunch was served by Mrs. Marvin Palmgren's group.

## In Service

C, 2nd Battalion, 8th Infantry. With Lt. Bugay at Fort Lewis, are his wife, Patricia, and two sons, Steven and David. Mrs. Bugay is the former Patricia Lindstrom, daughter of Mr. and Mrs. Roy Lindstrom, 629 S. 15th St.

# Sick Minds Revealed By Obscene Phone Calls

By CLINT DUNATHAN

When the telephone rang the woman wondered if it would be a call from her husband, who was attending a meeting. She reached for the phone and hesitated. Perhaps it would be—that other man! Twice before he had called and she had been frightened and shocked by his obscene and filthy words.

"Hello," she said. And then in anger she cried out "Shut up! Don't you ever call here again."

She hung up and then with trembling fingers dialed the police number. The officer was reassuring. There was nothing to fear. But why does he call me? she asked, and later, telling her husband about it, she sobbed "Why is he calling me?"

The question is one that has been asked many times in Escanaba this past year by women who have been victims of the filthy phone call.

### Report The Call

"The number of complaints received by us about calls of this type seemed to increase in 1963," said Escanaba Police

Chief Harold Finman, who is more concerned about halting the practice than in discussing the motivation of the anonymous caller.

The police have the cooperation of the Michigan Bell Telephone Co. in tracing calls. Some women may be reluctant to make a complaint, but police urge them to make a report on such calls at once.

"By reporting the calls it is possible this information can be related to other complaints and out of it will come some pattern, indicating perhaps a time, a neighborhood, a place, or even an individual who is responsible," said the police chief. "We can do nothing unless we get the complaint."

### Sick People

The police chief said that experience would show the woman who is the victim of such calls is not in danger of assault. But it is a frightening experience that can happen only in this electronically - pampered age. And the dial phone lends itself to this type of "kicks" by thoughtless - sometimes malicious - immature males of all ages.

Frank Waitrovich, psychiatric social worker and supervisor of the Escanaba Area Branch of the Child Guidance Clinic, says the callers are "extremely insecure men who satisfy a very weak masculine ego via the telephone."

"They're sick people, but not dangerous," he added. "This is more or less of an inner thing. Outwardly they could appear no different than other men. Possibly they have been rejected by someone else and the telephone calls are to 'get back' at that person."

### Help Is Offered

"Basically they are harmless," Waitrovich added. "Women who receive calls from such men are not in danger. The best thing for a woman to do when she is called by such a person is to hang up the phone, report the call to the police, and then forget about it."

Waitrovich emphasized that men who make such calls are in need of psychiatric help.

"For persons 18 years and older this help can be given through the Adult Mental Health Clinic at Marquette," said Waitrovich. "While we cannot see them at the Child Guidance Branch here in Escanaba, we will act as a referral center to the Adult Mental Health office for anyone who calls us. Or the individ-

ual may consult a private psychiatrist."

The anonymous phone calls are not peculiar to Escanaba—but they are increasing in number, and last fall there was the disturbing and costly call to Escanaba police of a bomb threat against the Escanaba Area Public High School. The students were dismissed for the day while the building was searched.

In Michigan persons arrested for making such calls are prosecuted under a misdemeanor or statute, whose maximum penalty is 90 days in jail or \$100 fine. Delta County Prosecutor Nicholas P. Chapekis has suggested to legislators that the law be changed to provide stiffer penalties.

Police have come up with a suggestion for persons who are bothered with calls from perverted people who make rude and obscene remarks. Keep a police whistle, one with a loud, shrill tone, near the telephone. When the offensive call is received, take a deep breath and blow the whistle as hard as possible into the mouthpiece.

The blast of sound will prove unpleasant to the caller, turn the tables on him—and it will give the intended victim a chance to really blow off some steam.

## Obituary

MRS. ARTHUR HARRIS  
Funeral services for Mrs. Arthur Harris of Spalding were held Wednesday at 9:30 a. m., at St. Francis Xavier Church in Spalding with Rev. Walter Franczek officiating. Burial was in the Spalding Township Cemetery.

## Split Tongue

It already is apparent that President Johnson is very capable of speaking with a split tongue. By that, we mean he can talk about national budget balancing in one instant, calling for cutbacks in military spending, elimination of unnecessary federal jobs, etc., and in the next instant call for the institution of broad programs that are certain to cost billions of dollars, and which, if enacted, unquestionably will lead to the highest peacetime budget in the nation's history.

The President's tentative budget, announced at \$97.9 billion, appears bound to top that of his predecessor.

This, however, is only the beginning. As the weeks and months pass and the election draws nearer, he will feed to Congress domestic and foreign programs with undentifiable price tags. These programs, if enacted by Congress, ultimately could cost billions over the next few years.

The President is a very astute politician. He knows there is a wave of conservatism sweeping the country as evidenced by the broad support of Senator Goldwater for the GOP nomination. He is seeking to meet this challenge by talking fiscal economy, cutbacks here and there and general financial stability. He is trying to give the impression that he is a conservative, but deep down he is a wheeler and dealing New Dealer, who, if he has his way, will outdo either FDR or the New Frontier of the late President.

His proposal, through Secretary of Labor Wirtz, for a 35-hour week with double time for overtime in order to create new jobs is just a straw in the wind. Although it is completely impractical for most small businesses, it conceivably could be applied to large business and industry accustomed to hiring or laying off large numbers of workers on a minute's notice.

While a shorter work week in itself is desirable and, in the long run, will be achieved, it cannot be imposed by federal edict without increasing labor costs, which, in turn, will result in higher prices and a new upturn in the inflationary spiral.

The President wants and needs the support of the big labor vote. To get it, he must go along with Walter Reuther, George Meany and other labor leaders who would scrap automation, which means lower costs and lower prices, in favor of a shorter work week and more jobs.

The great flaw in the reasoning of Secretary Wirtz and the labor leaders of big industry and big business is that, while having several million unemployed at this time, we do not have a backlog of trained people capable of meeting the requirements of a shorter work week now. Most of the unemployed are either too old, too young or too untrained to meet the requirements of our expanding economy, which is becoming more technologically complex each day.

What really is needed is emphasis, by both the federal and state governments, on training men and women to meet the requirements of the new era in industrial production. They must have the skills required to operate new and complex equipment. This will take time, but achievement of this educational goal is essential if we are to have an expanding economy.

Short term proposals such as those advanced by Secretary Wirtz can only lead to higher costs and inflation, thereby making us less competitive with foreign producers and reducing our exports.

It may be good politics in an election year to promise these things, but for the future, the welfare of the American people and the stability of our national economy, it does not make economic sense. The President, the leaders of the AFL-CIO and others concerned have a national responsibility that transcends partisan politics. They should do a little soul-searching. Our national survival, our position of leadership in the free world is at stake.

## The Doctor Says:

### Types Of Ulcers Prove Puzzling

By Dr. Wayne G. Brandstadt, M.D.

Q—What are the differences between a duodenal, a gastric and a peptic ulcer? What are the symptoms of each? With proper care, how long does healing of these ulcers take?

A—A peptic ulcer may be an ulcer in the duodenum (just beyond the outlet of the stomach), or gastric (in the stomach itself). This convenient grouping under one name is used because the symptoms are the same for both kinds of ulcers. For the most part, the treatment is also the same.

The duodenal is by far the more common and the more likely to be benign. It is not unusual for a peptic ulcer with proper treatment to heal in about two weeks. But, because recurrences are common, the victim must observe dietary and other precautions, such as avoidance of emotional upsets, for an indefinite period.

Q—I am a middle-aged woman and I have trouble sleeping. Would a small dose of paregoric, taken every night before retiring, do any harm?

A—Paregoric has one active ingredient, opium. Its greatest value is in the treatment of diarrhea. You should certainly not take even a small dose routinely. There are far better ways of achieving sound sleep.

A glass of warm milk before retiring helps some people. The simplest but most neglected method is physical exercise. It also helps to learn to relax all your muscles and not to worry about whether you are going to sleep or not.

Q—My doctor says I have lichen simplex. X-ray treatment didn't do any good. I've had it for three years now. Is

there any effective treatment? A—When a person has persistent itching and rubs it frequently over a long period, the skin may become dry and thickened. This is what has happened to you. The cause of the underlying itching is often unknown, but emotional stress may be a factor. The rubbing gets to be an unconscious habit and the victim may rub the itching areas during sleep.

Women are more often affected than men. A favorite location is the back of the neck, but any part of the body may be affected. X-ray treatment usually helps. Some victims can be cured merely by having the nature of the disease explained, impressing on them the need to refrain from rubbing or scratching, and the application of a soothing preparation such as calamine lotion to allay the itching. A short course of hydrocortisone has also been known to cure this condition, but recurrences are common.

Please send your questions and comments to Dr. Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

## Washington Comment

By BRUCE BLOSSAT

WASHINGTON — (NEA) — The day after Christmas, Pennsylvania's Democratic Sen. Joseph Clark and former Philadelphia Mayor Richardson Dilworth were lunching quietly in the patrician Philadelphia Club.

The subject of their chat: A replacement for the late Rep. William Green, long-time boss of the city's Democratic organization. Their solution: To propose Dilworth himself to serve as interim chairman until the next regular city committee election in May.

But while these two key figures were shaping their plan, city ward leaders — secretly summoned by Green's lieutenants — were slipping into party headquarters a few blocks from the Philadelphia Club.

There in Green's old command post they signed a petition authorizing a special committee meeting for the following day, called to name Frank Smith, a top Green aide, as chairman.

When Clark and Dilworth emerged from their cozy lunch, they spied an afternoon paper which described the move for Smith.

They knew their own maneuver as spokesmen for Pennsylvania's liberal Democrats was lost. Next day Smith was chosen unanimously, though disgruntled Mayor James Tate stayed away.

The news of the "smooth transition" was conveyed by telephone to certain White House sources. Clark swiftly announced, however, that he would try to oust Smith in May.

He will have trouble finding a candidate, now that Smith is in. But what this episode illustrates is that the Democratic party in Philadelphia — and Pennsylvania — is in even worse shape now than before Green's death. And it has been badly off for many months.

Elements in the steady deterioration were the Clark-Green feud, grand jury inquiry into city scandals, loss of state jobs with the coming to power of Republican Gov. William Scranton, the death in mid-1962 of a potent behind-the-scenes party operative, James P. Clark, trucking executive and once part-owner of the Philadelphia Eagles.

The serious party chaos is duplicated in equally severe form in New York and Ohio, while difficulties of a lesser but still significant order threaten in California, Michigan and New Jersey.

These states, taken together with Illinois and Texas, hold 227 of the 270 electoral votes President Lyndon B. Johnson needs to win election next November.

Johnson's political aides in the White House, led by Clifford Carter, know that, what-

ever strength the President may show in the South and West, he has to crack some of the big industrial states.

That at least three of the top eight states are in dismal organizational condition greatly magnifies their burdens.

New York's Democratic party, faction-ridden for half a decade, is described by one party man there as "highly backward" today and making no progress. New York Mayor Robert Wagner still battles Bronx and Brooklyn leaders.

Ohio is torn by feuds in Cleveland, big Democratic vote stronghold, and Cincinnati. Efforts to establish unity have failed thus far. Party men look for some kind of signal from the President's men.

California's contending elements include Gov. Edmund G. (Pat) Brown, portly and powerful Jesse Unruh, the liberal California Democratic Council, and Mayor Samuel Yorty of Los Angeles, who recently stirred feathers by saying — without authority — that he would be LBJ's man in California in 1964.

On these quaking structures President Johnson must depend as he makes his run for election next fall in his own right. His aides are busy trying to settle them down.

## Memory Lane

By J. R. LOWELL

Ten Years Ago The St. Joe Trojans are displaying unusual power at this stage of the regional cage season. Last night they defeated Norway 85-55. John Berrigan accounted for 30 of these St. Joe points. The Eskymos bested Gladstone 67-52 and the Manistique Emeralds were overcome by Newberry 56-44.

George Prokos, 59, prominent Escanaba businessman, died today. Death came to him following a heart attack brought on by shoveling snow.

Fred Wahl and Fred Canopo, of Gladstone narrowly escaped drowning yesterday when the "bug" on which they were riding, broke through the ice and went down. The craft settled down in 12 feet of water.

Twenty Years Ago The trial of three injunctions against the city of Escanaba in which the plaintiffs seek to restrain the city from operating deep wells, began today. Two experts from Michigan State College are due to testify in this case.

Pvt. William Blower, of Manistique, was cited in news dispatches from Italy for heroic work under fire.

Mrs. B. H. Skellenger and daughter Marcia left Gladstone yesterday for Farigut, Idaho after visiting relatives over the holiday season.

Thirty Years Ago Ed Kasun, a Manistique bowler, rolled a 279 score in a match at the Brault alleys last evening. But for a spare in the fourth frame, it would have been a perfect score.

Storm sewers in Manistique, rejected by voters of Manistique in a special election, will be constructed never-the-less. It will be made a CWA project and provide employment for many unemployed persons.

A building at 609 Ludington Street, known as the Moran building, will house the liquor store to be opened on January 15. The use of the building is on a temporary basis as much larger quarters will be needed to handle this state project.

## Inlanders Begin Long Vacations

Nine Inland Lime and Stone Co. employees have begun 13-week vacations under the new United Steelworkers contract, and about 80 per cent of the company's workers fall into the senior employees group of Inland Steel, John W. Moffat, vice president of the limestone company here reports. The effect on additional employment needs has not yet been determined.

All bargaining unit employees of Inland Steel are ranked according to length of service, under the arrangements for the

13-week vacation every five years. The new program took effect the first of the year.

Preliminary calculations show the senior group at Inland Lime and Stone Co. will be comprised of employees with a minimum of 12 years service. The balance of the bargaining unit will be in the junior group. Members of the senior group qualify for the 13-week vacation, including regular vacation time, every five years, with 20 per cent taking it each year.

The extended vacation plan will be financed by increasing the company's hourly contribution to the plan 12.5 cents per hour for every payroll hour of all bargaining unit employees.

While the Limestone operation has 80 per cent of its employees in the senior group, the total Inland Steel operation has 50 per cent in the senior group.

## Inland Plans Safety Course

Dr. E. H. Carleton, medical director for Inland Steel Co. will be here Thursday, Jan. 16 to present the Inland raw materials safety award to Inland Lime and Stone Co.

The presentation will take place at a banquet at Arrowhead Inn. Dr. Carleton also will speak to Inland supervisors attending the meeting.

Inland supervisors will take a safety course on "Fundamentals of Accident Prevention" in a series of half-day sessions beginning Jan. 14. About 30 supervisors will attend the U.S. Bureau of Mines 15-hour course. The courses are offered periodically.

During 1963 the company established numerous safety records. At the end of the year, 1,841,806 manhours had been worked without a lost time injury. There were 79 non-lost-time accidents, higher than the 68 of the preceding year, John W. Moffat, vice president reported.

Fifteen Inland workers this year were certified for the Joseph A. Holmes Safety recognition for completing 20 or 30 years without a lost-time accident. They are: D. Ronald Gunderman, Todd L. Binder, Arthur J. Demers, Ernest A. Johnson, David J. Leach, James V. Rodgers, Orville N. Rousseau, Jack H. Slack, William N. Willour, 30 years; Charles V. Nelson, Perry R. Rosebush, Franklin T. Burgess, John W. Moffat and William A. Corson, 20 years.

## Inland Listed As Large Port

"Ship-Shore News," published by Upper Lakes Shipping Ltd. shows Port Inland near Manistique is the 20th largest Great Lakes port with 1962 shipping level at 3,866,250 tons. Indiana Harbor was ranked the fifth busiest American port on the Great Lakes in 1962. Handling 18,218,337 tons, it ranked only behind Chicago, Toledo, Duluth-Superior and Detroit in volume.

Robert W. LaLonde

## LaLonde Is New Trooner

Robert W. LaLonde of 810 Arbutus Ave. was one of 39 Michigan State Police probationary troopers graduated in recruit school ceremonies Wednesday at East Lansing headquarters as a start to restrengthening 23 posts involved in freeway patrolling whose manpower has been sharply curtailed by the new five-day work week.

The five-day week was necessitated by a Civil Service Commission ruling effective in mid-1963. The troopers now work five nine-hour days, leaving a cushion of three hours for court appearances and other extra service.

The new officers bring the department's strength to 1,151, eight less than the authorized complement of 1,159. They will receive six months of field training before being recalled to headquarters for a month's advanced schooling.

LaLonde, the son of Mr. and Mrs. Alexander LaLonde of 543 Michigan Ave., Manistique has been assigned to the Wayland, Mich. Post. He and his wife Judith have three children.

## Funds Boosted For Education

LANSING (AP)—Highlights of Gov. George Romney's message to the 1964 legislature:

**BUDGET**  
A "tight" \$624 million budget, \$74 million above the present one and a record, will be proposed.

Its objectives: to spend less than available, cover "immediate urgent needs," and avoid a "financial crisis in the following fiscal year (1965-66)."

**EDUCATION**  
For schools, increases are asked of \$11 million for added enrollment and \$10 million in the state school aid formula.

For community colleges, an increase of \$10 per student in the aid formula, plus a doubling of the capital outlay matching fund to \$3 million is asked.

For the 10 state-supported colleges and universities an operating fund increase of \$21 million is asked, \$27 million is recommended to continue construction of 25 buildings and authorization for planning of \$41 million worth of new buildings is asked.

**MENTAL HEALTH**  
For the retarded, Romney asks funds for the start of building a new facility in west cen-

tral Michigan for up to 1,000 beds, and recommends opening 500 new beds at Plymouth, 200 at Mount Pleasant and 40 at Gaylord, plus 320 temporary beds at Fort Custer.

For the mentally ill, more funds are asked for research and care, with emphasis on county referral and an expansion of the community clinic program.

**WELFARE**  
Michigan should qualify itself for federal funds for aid to dependent children of the unemployed.

An increase to \$150 in maximum monthly old age assistance for recipients in convalescent homes is asked. Romney also asks liberalization of programs of aid to the disabled and medical assistance to the aged.

**YOUTH**  
To combat delinquency, probation services should be an authorized alternative to commitment, youth parole and after-care programs should be broadened and the corrections department parole activities should be strengthened.

School districts and community colleges should expand voca-

tional education, and basic literacy training for welfare recipients should be increased, taking full advantage of federal funds.

**EMPLOYMENT**  
A \$1 hourly minimum wage law is asked.

The department of Economic Expansion's research fund should be continued, stressing developing foreign trade potentials. Obstacles to Great Lakes port improvement should be removed.

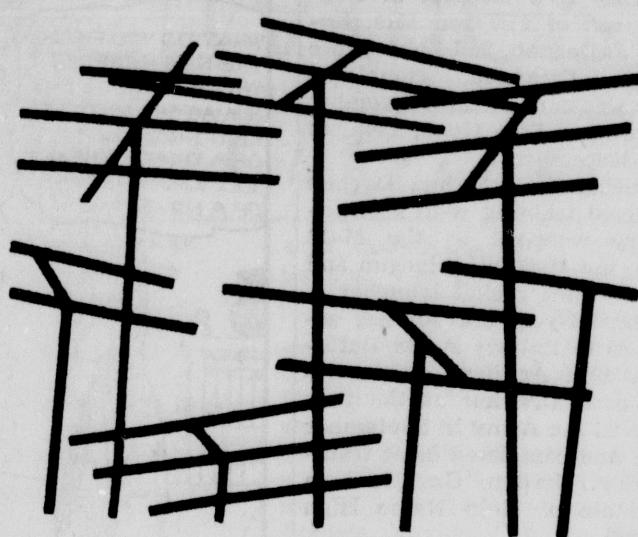

**CONSERVATION**  
A special task force on water rights and pollution control will be appointed.

A long-range program of park development near cities should be authorized, and the increased funds will be asked for tourism promotion.

**INSTITUTIONS**  
The court of appeals, a new court level below the State Supreme Court, is urgently needed. The new Constitution calls for it to be established.

For local governments, new laws are asked for effective annexation, improving assessment practices, and making local income taxes uniform, wit city payroll tax levied only at half-rate on non-residents.

Ann Landers

# She's No Friend

Dear Ann Landers: My husband sells encyclopedias direct to the consumer. He makes very good money, is a fine father and husband and we've never had any trouble that couldn't be talked out in one evening.

Because of the nature of my husband's work he often has to make evening calls. I never thought a thing about it until a friend of mine asked if I had any proof that he was going where he said he was. Did he ever leave a number where he could be reached? Did he ever come home too late or too tired to be much of a husband? I admit she raised some doubts in my mind.

I've been examining his clothes for lipstick and can't find a trace. There are no bobby pins or red-tipped cigarette butts in the car ashtrays. In other words, not a shred of evidence. What does this sound like to you?—BIG QUESTION

Dear Big: It sounds like your friend's mouth would make the Grand Canyon look like a buttonhole.

A man who does direct selling should not be phoned at the home of a prospective customer. And as for that last question, Toots, did your husband ever come home and find you too tired to be much of a wife? Does that mean you were out cheating on him in the afternoon? Use your head, Girl. Your friend is no friend.

Dear Ann Landers: I am a high school junior, 17 years of age, and want you to answer a simple question in the newspaper so my folks can see it with their own eyes.

girl who makes good grades, is a cheerleader, and holds a class office be allowed to date during the week?

I started to date when I was a freshman, and I've always behaved like a lady. At present my Numero Uno is a college freshman. We are not going steady but I'm afraid he might fall hard for someone else if I can only see him three times a week. I need your help. — NEVER ON WEEK-DAYS

Dear Never: A 17-year-old girl should be at home evenings during the week. The reason you've done well in school is because your parents have been bright enough to keep you under control.

High school homework is poured on mighty heavy these days and kids who date during the week can't possibly do justice to their assignments. Three dates a week is a great plenty for Numero Uno. It's always best to keep a boy friend wanting just a little more of your company.

Dear Ann Landers: You were wrong when you told "Miss Inquisitive" that a left-handed handshake has no special meaning. I will quote from the manual "Tenderfoot to Queen Scout":

"When a famous Ashanti Chief surrendered to Lord Baden-Powell the latter extended his right hand as a token of friendship. The chief insisted on shaking with the left hand, explaining that the bravest of the brave shake hands with the left hand, since, in order to do so, he must throw away his greatest protection—his shield." Scouts shake hands with the left hand as proof of their good faith and true

friendship. — CALGARY, ALBERTA

Dear Cal: Your reference to the Queen Scout suggested that the southpaw approach was strictly a custom of our Canadian neighbors. After checking with my Silver Beaver friends in Chicago I learned that the left-handed handshake among Scouts is universal. Thank you for cluing us in on the interesting background.

Ann Landers' frank and informative new book, "Teen-Agers and Sex" (\$2.95), is now available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, and self-addressed envelope.

## St. Anne Club Names Officers For New Year

New officers of St. Anne's Social Club were announced at the first meeting of the new year, held in the parish hall Wednesday.

They are: Mrs. Chester Schram, president; Mrs. Terri McCarthy, 1st vice president; Mrs. John Fisher, 2nd vice president; Mrs. Frank Rodman, 3rd vice president; Mrs. James Pascoe Jr., recording secretary; Mrs. Ernest Belanger, financial secretary; Mrs. John Holland, treasurer; Mrs. Richard Lahay, membership chairman. Mrs. Arthur Barron, Mrs. Alex St. Cy and Mrs. Lloyd Garrett, auditors.

Mrs. Gerald Babel was chairman of the nominating committee.

The new officers were introduced by Mrs. John Sankovitch, retiring president, who extended congratulations to her associate officers and members for the fine cooperation and excellent attendance during the past year. Father Stephen Mayrand, spiritual adviser, praised the club for its work and encouraged members to visit the sick when at all possible. He also spoke of plans for the Mardi Gras, annual parish event.

A new by-law was put into effect and will be published in the 1964 year book which members will receive about April 1.

A social hour followed, arranged by Mrs. Anthony Orzel and Mrs. William LaVallie, co-chairmen, and their hostesses, Mesdames L. Bowden, Tom Charland, William Charland, Richard Fredricks, Francis Gray, Margaret Beck Gray, Henry Grenier, Henry King, Emery LaFave, Ernest LaFave, Elmer LaPlant, Yvonne Larson, Don Moreau, Lionel Peltier, Albert Piche, Louis Richards and Edwin Wessels.

## Youth Rally Sunday At First Methodist

Junior and senior high youth of several Methodist churches in the area will meet at First Methodist Church Sunday afternoon for the sub-district rally, with registration at 3:30. Highlights of the day's program will be the film, "One Love - Conflicting Faiths."

## Jefferson PTA Fathers' Night Meeting Monday

Dr. William Hemes and Dr. Dave Jondrow, optometrists, will be the guest speakers at the Jefferson School PTA meeting to be held Monday, Jan. 13, in the school basement. A film strip will follow their discussion.

Father's Night will be observed so all Dads are asked to attend this special meeting.

Lunch will be served by the fourth grade mothers with Mr. and Mrs. Stanley Jefferson as host and hostess.

Room visitation will begin at 7:30.

Nancy Thompson, Dave Skippar, Sherry Bergquist and Tom Thorin of Central Methodist will conduct the worship service. Representing the host church's senior youth, Marcia Whitney and Ricky Dewar will handle registration while Duncan Hebard and Pat Kennedy direct recreation. Members of the junior high MYF, Greg Evensen, Alan Berg, Jim Anderson and Bill Hebert, are to be ushers.

Mrs. C. Ray Anderson is chairman of the WSCS committee serving the evening meal.

Counselor for the sub-district, which also includes churches at Manistique, Cornell, Bark River, Stephenson and Menominee, is the Rev. Meloon Crawford of Gladstone's Memorial Methodist Church. Miss June Corey of Stephenson is president.

The Escanaba Daily Press has expanded its circulation to the Newberry area. This means 200 more subscribers with more to come. This is valuable additional coverage to Press advertisers.

## Forty Hours Opening Sunday At St. Anne's

Forty Hours Devotion will begin Sunday, Jan. 12, at St. Anne's parish with an 11:30 High Mass. The entire parish will participate in the liturgical prayers of the exposition of the Blessed Sacrament.

There will be an all-night adoration with each family keeping a one hour vigil throughout the night. Sunday at 7 p. m. there will be a holy hour preached by the Rev. Father Charles Olivier, former assistant at St. Patrick's, and now at St. John's of Ishpeming.

Monday, Masses will be held at 7 and 11 a. m. with the closing service at 5 p. m., a Solemn High Mass followed by the Eucharistic procession. All the men and high school students will participate in this ceremony.

Confessions will be heard Saturday from 7 to 8, Sunday from 4 to 5, and in the evening after the ceremony, and also Monday from 4 to 5 p. m.

The choir will be under the direction of Mrs. Pat Anderson with Mrs. Betty Lundin at the organ.

## Story Time At Library Saturday

Story Time will be held at 10 a. m. Saturday in the Children's Room of Escanaba Public Library. All boys and girls of the age of three and above are invited to attend. The stories will be: "Grizzwold"—a bear too big to live as bears do and who hunted a new place to live—with terrible results, "The Case of the Hungry Stranger"—four little boys trace down the disappearance of a delicious blueberry pie, and "A Boy Is a Boy"—do you know what a boy is?

## Civil Defense PTA Program

Members of Soo Hill PTA, meeting Thursday night at the school, heard an informative talk on "Civil Defense" by Walter Mokszycke. At the business session Mrs. Clifford Larson reported on the Gold Bond stamp program. Mrs. Merrill Carlson told of plans for a bake sale to be held Jan. 31 at Goodman's Drug Store and John Stiglitz gave a report on the ice rink and announced that Harvey Fournier will serve as chairman of the chairperson's committee. Mrs. Carl Mattson, 2nd vice president, presided at the meeting and Mrs. Kermit Bender and her committee of third grade mothers served lunch. Room count was won by Mrs. Charles Kaiser's afternoon kindergarten.

## In This Corner

with Ray Crandall

The Great Lakes Conference basketball race this season is one of the tightest in years. Of the 10 teams in the circuit, only Newberry and Munising are out of the running for the championship. Negaunee and Soo are tied for first place with 4-1 records, Escanaba and Marquette are second at 4-2 and Manistique is a half game behind them with 3-2.

Former Soo athlete Tom Ludwig is a member of the highly ranked University of Michigan basketball team this season. A defensive specialist in spite of his relatively short height of 5-10, Ludwig has seen action in nine of Michigan's 11 games this season. He is the son of former Soo basketball and football coach Woody Ludwig.

Bob Manning is taking over the scoring role of his older brother, Jim, at Trout Creek High School. Jim Manning was the greatest scorer in Upper Peninsula prep history in his career under Coach Bruce Warren at Trout Creek. He ran up a fabulous total of 2,137 points in four seasons. Bob, now a senior, recently hooped 37 points to lead the Anglers to a 72-67 decision over Ewen. Trout Creek has a 5-2 record.

Bill Koski, Michigan Tech's prize freshman from Champion, has been lost to the squad because of scholastic ineligibility. Also benched by the books were Willie Griffin of Muskegon, Jay Dishnow of Iron Mountain and Chuck Noetzel of Houghton.

Len Brumm's Waterloo Black Hawks were knocked out of first place in the United States Hockey League standings by Green Bay's Bobcats over the weekend. Green Bay defeated Waterloo twice, 4-3 and 7-6. Green Bay is defending champion in the loop.

The capacity crowd of 700 fans at the Carney-Hermansville game the other night was treated to a unique sight midway in the first period. When the Carney title court became slick because of moisture caused in part by the huge crowd, the Hermansville players switched from gym shoes to hush-puppies to finish out the game.

Houghton, defending Upper Peninsula Class C cage champion, started the new year right with an 81-60 victory over Calumet in Copper Country Conference action. Coach Fritz Wilson's veteran Gremlin quint had lost three of their six starts before the holiday vacation. Jon Fryxell led the Gremlin attack with 23 points.

## Pistons Snap Losing String

By The Associated Press

Los Angeles' Lakers and New York's Knicks square off on a neutral court in San Diego Saturday just three nights after a wild brawl punctuated their National Basketball Association game.

Four players were tossed out of Wednesday night's contest following a fight which lasted about six minutes.

The Lakers were idle Thursday night while the Knicks were losing to San Francisco 112-97.

No incidents marred the game although Wilt Chamberlain and Wayne Hightower did as far as New York was concerned.

Chamberlain poured 43 points through the basket. Hightower flipped in two field goals that ended a San Francisco cold streak in the first half which included just one field goal in 10 minutes. The Warriors then rushed to a nine-point margin at the half.

Detroit, behind Bailey Howell, whipped Baltimore 125-115 for the Pistons' first victory in five games against the Bullets. Howell scored 35 points, 20 in a big third-quarter surge.

Detroit, last in the league's Western Division, now trails fourth-place Baltimore by 1 1/2 games.

Ironman John Kerr's 34 points paced the Philadelphia 76ers as they downed St. Louis 122-115. The 76ers rallied from a 14-point first-half deficit in snapping the Hawks' three-game win streak. Kerr tallied 24 of his points in the second half comeback.

## College Quints Face Full Slate

By The Associated Press

Michigan's busiest college basketball weekend of the season gets underway tonight with four games. A total of 17 games will be played Saturday afternoon and night, with all but four in the state.

Wayne State plays host to Case Tech, Detroit Tech is at Alpena C. C., Bemidji at Michigan Tech and John Carroll at Eastern Michigan in tonight's contests. Wayne State has not played in five weeks and will be looking for its first victory in three games.

Topping off Saturday's cage action are two Big Ten games, with fourth-ranked Michigan playing at Purdue and Indiana at Michigan State.

Michigan will be looking for its 11th triumph in 12 outings and its second straight in the conference.

Michigan State, which has split two previous league encounters, will try to hand Indiana its third conference loss.

Bowling Green is at Western Michigan for a Great Lakes

# Golden Gloves Officials Set Final Tourney Plans

Final plans for the 1964 Upper Peninsula Golden Gloves championship tournament were announced today by officials of the Lions Club which sponsors the annual boxing program with the Daily Press and WLST.

The tournament will be staged on successive Saturday nights, Feb. 1 and 8, at the Holy Name High School gym.

Winners of Upper Peninsula crowns will advance to Green Bay on Feb. 15 to face champions from the Fond du Lac district tournament. Next stop for the open division winners will be Kenosha, Wis., and the champions there will advance to the national Golden Gloves tournament to be held this year for the first time in Louisville.

With a revival of interest locally in amateur boxing, officials expect another large field of boxers here this year. Fighters from Escanaba, Menominee, Manistique, Sawyer Air Base, Ironwood and Kincheloe Air Base have indicated they will enter the tourney.

Upper Peninsula champions will receive attractive trophies as will runners, both in the novice and open divisions. Each boxer will receive a Golden Gloves insignia.

Novice boxers are those who have had four or less bouts in sanctioned competition and are not over 21 years of age. The age limit in the open division is 31.

Each boxer is assured competent medical attention before and during the U. P. tournament. Complete physical examinations are given each boxer at the weigh-ins and physicians will be at ringside during all bouts.

Missing from this year's tournament will be one of the most successful fighters in Upper Peninsula amateur boxing history, Pete Bosanic of Manistique, winner of six U. P. crowns in a fabulous Golden Gloves career, has turned professional and is currently Michigan's middleweight champion and winner of eight straight pro bouts.

Other champions in 1963 were, novice: Roland Vanderlinden, Escanaba, 112 pounds; Tom Utecht, Menominee, 118 pounds; Sid Beaudou, Menominee, 126 pounds; Leslie Savola, Trenary, 135 pounds; Ted Beaudou, Menominee, 147 pounds; Dave Collins, Escanaba, 160 pounds; Lloyd Burris, K. I. Sawyer, 175 pounds; Bill Racine, Escanaba, heavyweight.

Open champions last year were Joe Sarasin, Escanaba, 112 pounds; Dick Schomer, Menominee, 118 pounds; Deshaune Dixon, Manistique, 126 pounds; Ivery Henderson, K. I. Sawyer, 135 pounds; Larry Bosanic, Manistique, 147 pounds; Curt Hytinen, Milwaukee, 175 pounds; Bob Zukas, Menominee, heavyweight.

Menominee captured the team championship in the tournament for the second straight year.

## First Setback For Merchants

The Independents handed the Merchants their first City League setback of the season Thursday night, winning 50-49 on a field goal by Roger Beauchamp in the closing seconds.

J. C. Miller hit 14 points and Bob Strassberg 13 to lead the Independents while Bill Carlson had 15 for the Merchants. In other games, Tom's Signs ripped Taylor Insurance 82-62 and Skinny's edged the Jaycees 44-42. Bill LeClair of Tom's took individual scoring honors for the night with 29 points.

Standings:

## Olympic Cage Plan Settled

NEW YORK (AP)—Thirty-six college players will get a shot at the 12-man Olympic basketball team the United States sends to Tokyo next October.

The National Collegiate Athletic Association Council, in one of its last items of convention business Thursday, approved a complicated plan for college representation in the Olympic basketball trials at St. John's University here April 24.

The colleges will send three 12-man teams to the tournament, including one having as its nucleus six players from the national collegiate champion team to be decided at Kansas City March 20-21.

Other action by the NCAA council, at its final meeting, included:

1. A formal statement disassociating the NCAA with strong remarks made by Charles Werner, director of the U.S. Track and Field Federation, against the Amateur Athletic Union and the role of Gen. Douglas MacArthur in arbitration efforts between the warring groups last year. The council said Werner's statements "do not represent the consistent position taken by the NCAA through the history of the negotiations."
2. Frank Carver, athletic director at Pittsburgh, was named to the executive committee succeeding Richard C. Larkins, athletic director at Ohio State, who was appointed a ninth NCAA member of the U.S. Olympic Committee.
3. Appointment of six NCAA representatives to the U.S. Track and Field Federation, three to the U.S. Gymnastics Federation and three to the U.S. Basketball Federation. The three groups have been fighting with the AAU for control of their sports.

## Four Hawks On Star Team

MONTREAL (AP) — Bobby Hall, the National Hockey League's goal-scoring leader, led an array of four members of the first-place Chicago Black Hawks named to the circuit's official All-Star team for the opening half of the 1963-64 season.

Hull, who has 23 goals, was a unanimous choice in the voting by hockey writers and broadcasters in each of the six NHL cities. He received the maximum 90 points for the left wing position.

Goalie Glenn Hall, defenseman Pierre Pilote and right winger Kenny Wharram of Chicago, center Jean Beliveau of Montreal and defenseman Tim Horton of Toronto also were chosen for the first team.

## Texas Western Boasts Longest Victory String

By The Associated Press

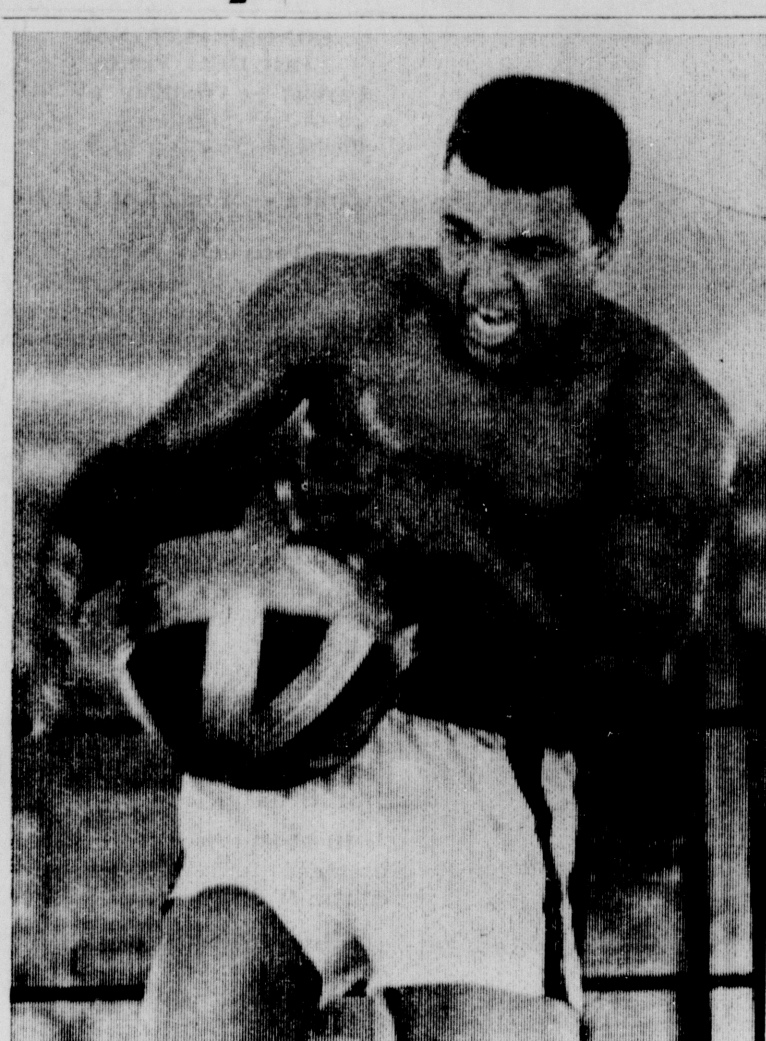

UCLA and Texas Western are the biggest surprises of the college basketball season, now in its midseason calm, while Arizona State and New York University are the biggest disappointments.

The Uclans and Texas Western were rated high in preseason forecasts, but no one expected that they would be so prominent by this date. The Uclans now are No. 1 in The Associated Press poll with a 11-0 record while Texas Western boasts a 15-1 mark including 14 in a row, the longest current major winning streak.

In contrast the NYU Violets and the Arizona State Sun Devils, rated second and sixth in the AP preseason poll, have lost four and six games, respectively, and no longer are in the Top Ten. What happened? No one seems to know.

UCLA, sparked by Walt Hazzard, encounters a strong Big Six rival tonight in Southern California. To date the Uclans have whipped Brigham Young, Butler, Kansas State, Kansas, Baylor, Creighton, Yale, Michigan, Illinois and Washington State twice.

Big 6-foot-8 Jim Barnes is Texas Western's star. The Border Bandits beat North Texas in their opening game, then lost to Washington 57-49. Since then they have defeated Wichita, Tarleton, Long Beach, San Jose,

## Western Drops Second Leading Point Producer

KALAMAZOO (AP)—Western Michigan University dropped the No. 2 scorer from its basketball team Thursday amid conflicting reports of player dissension and low team morale.

Bill Street, a 6-foot-5, 195-pound forward from Detroit was dropped along with two reserve centers, for being "an individual rather than a team player," said coach Don Boven.

The WMU campus has been shaken by apparent dissension over athletics in recent weeks. Football Coach Merle Schlosser was fired three weeks ago after a protest by students and athletes. Boven was hanged in effigy last month.

Cut from the roster with Street were Denny Griffin of Melrose Park, Ill., and Don Petroff of East Detroit.

Street, with a 17.7 scoring average, was the team's top rebounder until he was virtually benched in Tuesday's 95-93 victory over Ohio University.

Griffin, a 6-foot-7, 205-pound junior, blamed low morale on the record and schedule.

"And personalities might be involved — between Mr. Brown and some of the players," he added.

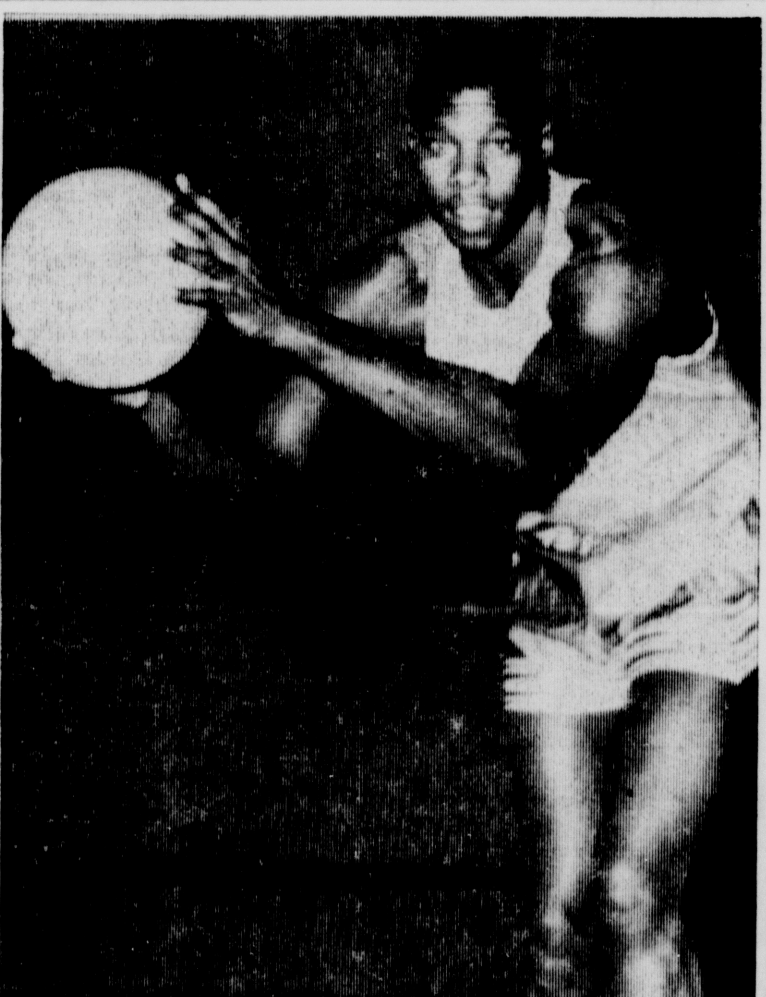

Petroff, 6-5 and 220 pounds, a senior, said "there might be a few personality conflicts."

The coach said there was dissension on the team and that the players who were dropped were not loyal; "I don't think that's justified," he added.

The dissension, he said, supposedly involved the team's losses and the way Boven used his personnel.

Manny Newsome, a 5-foot-9 guard leads the team with a 32.8 scoring average, and is second in the nation.

He denies that morale is low, or that the team has any particular problems.

## Coaching Clinic Is Planned Here

Plans were announced today by Jerry Cvengros and Bill Earle, head football coaches at Escanaba and Holy Name, to stage a football coaching clinic for the Upper Great Lakes area in Escanaba April 10-11.

"We feel that the coaches in this area will welcome the opportunity to get together to exchange ideas and hear some of the top men in their profession," the sponsors stated.

Heading the clinic staff will be three college coaches and an outstanding high school mentor. Bill Lucier of Michigan Tech, honored as the Associated Press Michigan College Coach of the Year this fall, will discuss his new Tech Flex offense.

F. L. (Frosty) Ferzacca of Northern Michigan University, selected by the state coaches as Michigan Coach of the Year this season, will discuss the passing game.

Mert Mortorelli, native of Ironwood and head grid coach at Wisconsin State College in Superior, will talk on defense.

Rae Drake of Kingsford High School, whose Flivvers captured the Upper Peninsula prep championship and the Floyd Barber trophy in 1963, will outline his system of organization of the football program on the high school level.

The two-day clinic will be held at the Terrace Supper Club and Motel.

## Ramos Favored in TV Battle

LOS ANGELES (AP)—Featherweight champion Sugar Ramos may desert his division if he beats lightweight Vicente Derado in a nontelevised 10-round nationally televised fight tonight.

The 21-year-old undefeated champion is having weight problems and believes he can whip lightweight king Carlos Ortiz.

After tonight's scrap, Ramos travels to Tokyo to defend his title against Mitsunori Seki March 1.

Depending on the result of tonight's encounter with the rugged Derado, Ramos may then seek a title bout with Ortiz.

But Ramos may get caught looking beyond Derado. The 27-year-old Argentinian boasts a record of 65 wins and 14 losses in a seven year career.

The oddsmakers still like the champion and have installed Ramos as a 2 to 1 favorite.

Their reasoning is based on Ramos' imposing record of 45 wins, including 33 knockouts, and only two draws. He packs a wallop in either hand and can take a punch. Ramos fights with a cold detachment, stalking his opponent continually and carrying the fight to him.

## Top Jumpers Ready To Go

BOSTON (AP)—A couple of spacemen are expected to give things a lift when the 38th Knights of Columbus track meet sends the 1964 indoor winter season into orbit Saturday night.

Among those on hand before an expected sellout Boston Garden audience will be John Penne, the world's greatest pole vaulter and the only person in the world ever to clear 17 feet, and John Thomas, the first man to accomplish the seven-foot high jump.

Backing up this high-flying tandem will be an array of running stars including miler Tom O'Hara.

## Rosburg Leading San Diego Open

SAN DIEGO, Calif. (AP) — Golfer Bob Rosburg led the way into the second round of the \$30,000 San Diego Open Friday — or did he?

Rosburg completed the first round with a four-under par 66, one stroke in front of National Open champion Julius Boros.

Tony Lema and a newcomer to professional tournament attention, Charles Coody of Fort Worth, Tex.

But—30 golfers, stranded by darkness on the Rancho Bernardo Country Club course Thursday were set to complete their initial round early today.

Included were at least three threats who could match or even outscore Rosburg. They are Jerry Barber of Los Angeles, Frank Beard, Louisville, Ky., each with nine hole scores of 33, and Dow Finsterwald, Colorado Springs, with a 34.

This trio, plus the others, faced the problem of a further delay since the weather has a habit at this time of the year of freezing the greens in the early morning hours.

They froze Thursday morning, causing an hour delay in the start, and the same was expected today, which could cause even more confusion.

There was no problem later in the day. The skies were bright, the temperature warm.

The Rancho Bernardo course, under fire for the first time in San Diego annals, apparently is none too easy. Only 20 players bettered par. A year ago, at an-

# Announce Plans To Close Marble Arms, Gladstone

Following a meeting in Chicago this week, International Telephone & Telegraph (ITT) which owns and operates the Marble Division of ITT-Bell & Gossett Inc., in Gladstone, announced plans to curtail production at Marble Arms and attempt sale of the building and its contents.

Leslie Bryant, general manager of the Gladstone Division, said upon his return from Chicago that the sportings goods business (Marble Arms) is far afield from products of ITT and for this reason the firm has decided to discontinue this business.

He said that about 30 persons presently employed by the Marble Arms firm would be directly affected by the move.

"At the present time all production has been curtailed. However, customers of the firm will continue to be serviced from inventory stock until such

# Sugar Harvest Small In Cuba

MIAMI, Fla. (AP)—Cuba, once the world's greatest sugar bowl, this year will harvest her smallest crop in 21 years, exiled planters estimated today.

The harvest, just begun, was estimated at 3 million metric tons on the basis of a survey by the Sugar Planters Association of Cuba in exile. A metric ton is 2,200 pounds.

The estimate compares with 3.8 million tons produced in 1963 and a 6 million ton average during the years before Prime Minister Fidel Castro's Communist-dominated government attained power.

# Bright Kids Coming To TV

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP)—The writers of television's serious dramas during the past two seasons have been busily exploring problem adolescents — delinquents, gang members, narcotics addicts, thieves. But a veteran television producer—Steve Carlin — has been busily planning a series about bright healthy and happy kids.

The program called "Science All Stars," will have its premiere Sunday on ABC (4:30-5 p.m. Eastern Standard Time). Headliners of the first program will include a 16-year-old Seattle boy who built a television camera for \$40; a 13-year-old Chicago boy who constructs robots and an 11-year-old Brooklyn girl who made a two-foot model of a subway, complete with self-operating electric door.

Carlin's own television and radio experience includes writing and producing such rip-roaring entertainment shows as "Gangbusters" and "Counter-spy," and he was also involved in some of broadcasting's most successful game shows, including "Quiz Kids," and, unhappily, "The \$64,000 Question."

The science show had its beginnings when Sputnik I went up, and Carlin, a serious-minded man was among those who realized the utter importance of stimulating young Americans' interest in science. With his staff, he spent two years traveling around the country attending science fairs and interviewing the young exhibitors. Many of the boys and girls, whose ages range between 10 and 16, are award winners.

His new program is "more sophisticated" than "Quiz Kids" ever was, said Carlin. He insists that in the past two years he has received a good basic knowledge of science — mostly by talking to bright children.

"I've been appalled by the lack of interest in science," said Carlin. "I have felt that a lot of youngsters were growing up in a sort of vacuum. They have to be motivated — and if this program helps in this effort even a little bit, it's accomplished something very important."

# Students Pay Taxes At MSU

EAST LANSING (AP)—East Lansing will bill fraternities, sororities, student apartments and cooperatives for personal property taxes this year, the first such billing in city tax history.

City Assessor Frank Warden said some 100 statements are in the mail asking owners of such establishments catering to Michigan State University students, fixtures and equipment. This will be in addition to the real estate tax.

East Lansing previously limited its personal property billings to commercial and retail establishments and professional offices.

Warden said Ann Arbor also is taking the same step this year to assess such establishments catering to University of Michigan students. He said he could not estimate the added revenue.

# Johnson Won't Go To Island

WASHINGTON (AP)—In the news from Washington: POLITE NO: President Johnson has turned down politely a French hint that he meet President Charles de Gaulle of France at the Caribbean island of Martinique, it was reported Wednesday night.

Paris was told that Johnson's duties bar him from leaving the United States in the months ahead, informed sources said.

SOVIET GROWTH: The Central Intelligence Agency has concluded that the Soviet Union's economic growth is running far behind the United States' and that Russian gold reserves have dropped below \$2 billion.

The CIA reported these conclusions to newsmen Wednesday after a study of the Russian economic situation.

Russia's economic growth in the last two years was rated at less than 2.5 per cent annually. The U.S. growth rate has been running at 3 per cent recently.

RAIL DECISION: Four operating unions have lost another round in their long bout with railroads over the elimination of jobs.

A federal court upheld Wednesday a special arbitration panel's ruling that would lead eventually to the wiping out of 90 per cent of the firemen's jobs on diesel freight and yard service.

BASE CLOSED: The Air Force has announced that it will shut down another of its overseas bases — this one in Spain.

It was disclosed Wednesday it is closing one of its three bomber bases in Spain by July 1 and that about 3,500 military personnel and 4,500 of their dependents will be brought home.

The B47 medium jet bombers will be moved from the Zaragoza base, which will be put on a standby basis, to the two other Spanish bases, Mon and Torrejon.

# Troops Battle Along Border Of Canal Zone

Largely attended by the children of U.S. personnel in the Canal Zone, students at the U.S.-operated school have been flying an American flag in front of the building. They have defied a recent order requiring joint display of American and Panamanian flags at various sites in the zone and no flags at all outside the schools.

The flag order is part of an agreement initiated by Panama and the United States in January, 1963, recognizing Panama's titular sovereignty over the Canal Zone, a 58-square-mile strip dividing this country of more than one million persons.

Angered by the solitary presence of the Stars and Stripes at the public building, a group of Panamanian students entered the Canal Zone and raised their country's banner. A fight broke out between the Panamanian and U.S. students.

In the melee, the Panamanian students said their flag was either torn or trampled. When the word circulated that the Panamanian flag had been "defiled," tempers rose and the rioting followed.

# Arms Control Issues Studied

WASHINGTON (AP)—The Johnson administration is drafting a proposal for a system of international military observation posts to be set up on both sides of the Iron Curtain in Europe as a safeguard against surprise attack.

It is understood officials are thinking about proposing 20 to 30 posts on each side at key transportation centers where unusual military activity by either Soviet or U.S. forces might be detected.

President Johnson announced in his State of the Union message Wednesday that "we shall make new proposals" on disarmament issues when the 17-nation disarmament conference reopens negotiations at Geneva in two weeks.

Work is going forward on the proposals in the U.S. Arms Control and Disarmament Agency under the immediate direction of William C. Foster, agency director. He is expected to head the U.S. delegation in the new round of negotiations beginning Jan. 21.

Officials have said the U.S. proposals will deal with familiar issues in new ways which they hope will enlarge the possibility of agreement with the Soviet Union.

Meanwhile, disarmament experts of the United States, Britain, Canada, and Italy are undertaking consultations aimed at coordinating their policies. France, whose chair in the conference is empty because President Charles de Gaulle decided not to participate, is an observer in the consultations.

The observation posts idea has been talked about by both Russia and the United States for several years. U.S. policymakers consider it one of the most hopeful possibilities and one which would contribute substantially to a further reduction of tensions and war fears in the world.

Present U.S. thinking, pending final decisions by the President, is that the observation post plan should provide for U.S. and Soviet military observers on both Soviet and U.S. territory with the participation of officers from other countries, as might be desirable depending on the other territories involved.

# Mrs. Oswald To Write Book

DALLAS (AP)—Mrs. Marina Oswald plans to write a book about her life in Russia and her marriage with Lee Harvey Oswald, the Dallas Morning News said today.

The widow, 22, whose business manager said Wednesday had accepted as a fact that her husband assassinated President John F. Kennedy, would get professional help in writing the book, the newspaper said.

It said a Grand Prairie lawyer, John M. Thorne, was to discuss the projected book with an executive from a major publishing company.

The Russian-speaking Marina has "picked up considerable English, enough to talk with you conversationally, but not enough to do a book," Thorne was quoted as saying.

Wednesday, Mrs. Oswald's business advisor, James H. Martin, said Oswald's erratic behavior made it easier for his widow to accept the evidence which police say proves he shot Kennedy.

Martin said Oswald had changed since returning to the United States from Russia, where he and Marina married.

"He became more moody, more unhappy," Martin said.

Mrs. Oswald and her two young daughters remain under Secret Service guard somewhere in the Dallas-Fort Worth area, but are reportedly free to move about.

Earlier, Mrs. Oswald told friends she hoped to stay here and get a job. In Russia, she worked as a pharmacist when she met Oswald.

An immigration spokesman said Wednesday she would have to live in the United States five years before being eligible for citizenship.

# NEWBERRY Engagements Announced For Five Area Couples

NEWBERRY — Romantic news in the Newberry area has been announced by the parents of five prospective brides.

Mr. and Mrs. Gerald Baker of E. Harrie St. announce the engagement of their daughter, Jeri Sue to Thomas Hughes, son of Mr. and Mrs. D. G. Hughes, 507 Melham Drive, Madison, Wis. The couple will wed on Feb. 8 in Madison.

Three June weddings are being planned by area residents including Mary Frances Otts and John D. Carlson of Newberry; Bonita Ann Wallis of Rudyard and Clifford French Jr. of McMillan; and Myrna Lou Fairs of Grand Rapids and Donald Eggleston of the same city.

Miss Otts is the daughter of Mr. and Mrs. Gilbert Otts of Newberry; Miss Wallis is a daughter of Mr. and Mrs. Charles Wallis of Rudyard and her future bridegroom is the son of Mr. and Mrs. Clifford French of McMillan; Mr. and Mrs. Leo Fairs of Newberry are Miss Fairs' parents and Mr. and Mrs. Charles Eggleston of Grand Rapids are the parents of the prospective bridegroom.

Two weddings in August are also scheduled. Miss Ann Dupke of Berkeley, Mich., will become the bride of Thomas W. Villemure of Detroit. Miss Dupke is the daughter of Mr. and Mrs. Edward Dupke of Berkeley and Mr. and Mrs. Joseph Villemure of Newberry are the future bridegroom's parents.

Miss Dupke will receive her B. A. degree from the University of Michigan in June.

Miss Villemure received her B. A. degree from the University of Detroit and is presently coaching at Austin Catholic High School in Detroit.

Nancy Jean Redmond, daughter of Mrs. Florence Redmond of Newberry and Trooper Lawrence A. Douville will also wed in August. Trooper Douville, son of Mr. and Mrs. Lawrence Douville of L'Anse, is stationed with the Michigan State Police at the Newberry Post. Miss Redmond is a graduate of Northern Michigan University and is presently teaching at the Soo High School.

# Citizen Group Seeking Traffic Safety Lights

A meeting of the Luce County Citizens' Committee was held Monday in the Community Hall smoker, with Mrs. F. P. Furlong reporting that petitions requesting traffic lights at W. John St. and McMillan and Newberry Aves. were all in order, and that a letter endorsed by the various clubs in town supporting this project were at hand.

A motion to forward the petitions and letters to Gov. Romney and the State Highway Commissioner, News clippings were read describing activities of citizen committee in bringing projects to the attention of officials, and advising public officials of the wants and needs of taxpayers.

A letter was received from the Village Council stating that previous efforts made to get traffic lights at the school corner here were of no avail. The Citizens' Committee is making this attempt to get lights to prevent a child being killed on this corner and to ease traffic on and off Newberry Ave. and Highway 123 during rush hours.

The State Highway traffic count indicates that there is traffic at both corners to warrant lights during peak traffic periods, it was reported.

The Citizens' Committee has received letters and comments from taxpayers relative to the progress of the new Helen Newberry Joy Hospital, showing interest in the hospital construction project.

The next meeting will be held at the same time and place, the first Monday in February.

# City Briefs

At a special meeting of the Luce County Board of Supervisors and the County Road Commission, Wednesday, Jan. 8, it was determined that the Luce County Airport was a year around operation, and that it should be kept plowed during the winter months.
